

Welcome to Family Weekend!

www.myDSC.org

When you go through the front doors, your parents will first go to the desk to check in. This is where your parents will find out your room number and important information about your weekend.

This is also where you will get your wristband. You will need to wear this so everyone knows you are there for Family Weekend.

On your way to your room, you will see there are lots of neat things to do and see!

This is one of the rooms you might stay in.

www.myDSC.org

You might see people in animal costumes walking around. If you don't want to go close to them, you can tell an adult "No thank you."

There are going to be a lot of fun things to do during Family Weekend! There are lots of water activities!

www.myDSC.org

There will be lifeguards around the water park. They will be dressed in blue shirts. The lifeguards are safe to talk to if you need any help.

www.myDSC.org

There are water slides. This is just one of the things you might want to try while you are there. The best part is that everything is optional, and you only do what you feel comfortable doing!

Look at all the fun things to do when you are at Family Weekend! You don't even have to get in the water to have fun!

We can't wait to see you there!
